Energy Performance of Buildings - Controls for heating systems

Part 5: Start-stop schedulers for heating systems - Modules M3-5,6,7,8

National foreword

This British Standard is the UK implementation of EN 12098-5:2017. It supersedes BS EN 12098-5:2005, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee RHE/16, Performance requirements for control systems.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
