National foreword

This British Standard is the official English language version of EN 10131:2006. It supersedes BS EN 10131:1991 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/10, Flat rolled steels products, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled "International Standards Correspondence Index", or by using the "Search" facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, the EN title page, pages 2 to 12, an inside back cover and a back cover.

The BSI copyright notice displayed in this document indicates when the document was last issued.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 July 2006

EN 10131

July 2006

ICS 77.140.50

Supersedes EN 10131:1991

English Version

**Cold rolled uncoated and zinc or zinc-nickel electrolytically
coated low carbon and high yield strength steel flat products for
cold forming - Tolerances on dimensions and shape**

Produits plats laminés à froid, non revêtus ou revêtus de
zinc ou de zinc-nickel par voie électrolytique, en acier à bas
carbone et en acier à haute limite d'élasticité pour formage
à froid - Tolérances sur les dimensions et sur la forme

Kaltgewalzte Flacherzeugnisse ohne Überzug und mit
elektrolytischem Zink- oder Zink-Nickel-Überzug aus
weichen Stählen sowie aus Stählen mit höherer
Streckgrenze zum Kaltumformen - Grenzabmaße und
Formtoleranzen

This European Standard was approved by CEN on 12 June 2006.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland and United Kingdom.
