

Personal protection — Equipment for eye and face protection during welding and allied processes

The European Standard EN 175 : 1997 has the status of a
British Standard

ICS 13.340.20

National foreword

This British Standard is the English language version of EN 175 : 1997. It supersedes BS 1542 : 1982, which is withdrawn.

The UK participation in its preparation was entrusted to subcommittee PH/2/2, Industrial eye protectors, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled 'International Standards Correspondence Index', or by using the 'Find' facility of the BSI Standards Electronic Catalogue.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
