National foreword

This British Standard has been prepared under the direction of the Power Electrical Engineering Standards Policy Committee and is the English language version of EN 60146-1-3:1993 *Semiconductor convertors. General requirements and line commutated convertors — Part 1-3: Transformers and reactors*, published by the European Committee for Electrotechnical Standardization (CENELEC). It is identical with IEC 146-1-3:1991, published by the International Electrotechnical Commission (IEC).

This British Standard, together with BS EN 60146-1-1, supersedes BS 4417:1969, which is withdrawn.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
