National foreword

This British Standard is the UK implementation of EN ISO 8062-3:2007. It is identical with ISO 8062-3:2007, incorporating corrigendum January 2009. Together with BS EN ISO 8062-1:2007 and DD ISO TS 8062-2 (when published), it supersedes BS 6615:1996 (ISO 8062:1994). ISO/DTS 8062-2, *Dimensional and geometrical tolerances for moulded parts — Part 2: Rules* is currently in development and will complete the set of ISO 8062 documents when it is published as a Technical Specification.

The start and finish of text introduced or altered by corrigendum is indicated in the text by tags. Text altered by ISO corrigendum January 2009 is indicated in the text by AC1 AC1.

The UK participation in its preparation was entrusted to Technical Committee TDW/4, Technical product realization (TPR).

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.
