English version

Glass in building

Determination of the bending strength of glass

Part 4: Testing of channel shaped glass

Verre dans la construction –
Détermination de la résistance du
verre à la flexion – Partie 4: Essais
sur verre profilé

Glas im Bauwesen – Bestimmung der
Biegefestigkeit von Glas – Teil 4:
Prüfung von Profilbauglas

This European Standard was approved by CEN on 1999-09-05.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration.

Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the Central Secretariat or to any CEN member.

The European Standards exist in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the Central Secretariat has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, the Czech Republic, Denmark, Finland, France, Germany, Greece, Iceland, Ireland, Italy, Luxembourg, the Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, and the United Kingdom.
