

UL 252

STANDARD FOR SAFETY

Compressed Gas Regulators

UL Standard for Safety for Compressed Gas Regulators, UL 252

Tenth Edition, Dated September 15, 2017

SUMMARY OF TOPICS

This revision to the Standard for Safety for Compressed Gas Regulators, UL 252, is being published to incorporate the following changes in requirements:

1. Clarification of inlet and outlet fittings and adding propylene to the Volume Change and Weight Loss Tests.

The new and revised requirements are substantially in accordance with Proposal(s) on this subject dated June 22, 2018.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of UL.

UL provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.

UL 252

Standard for Compressed Gas Regulators

The first and second editions were titled Standard for Pressure Regulators or Reducing Valves and numbered UL 252C. The third and fourth editions were titled Gas Pressure Regulators.

First Edition – March, 1928
Second Edition – May, 1951
Third Edition – August, 1960
Fourth Edition – May, 1973
Fifth Edition – December, 1979
Sixth Edition – June, 1984
Seventh Edition – April, 1996
Eighth Edition – October, 2003
Ninth Edition September, 2010

Tenth Edition

September 15, 2017

This ANSI/UL Standard for Safety consists of the Tenth Edition including revisions through August 10, 2018.

The most recent designation of ANSI/UL 252 as an American National Standard (ANSI) occurred on August 9, 2018. ANSI approval for a standard does not include the Cover Page, Transmittal Pages, and Title Page.

The Department of Defense (DoD) has adopted UL 252 on September 26, 1988. The publication of revised pages or a new edition of this Standard will not invalidate the DoD adoption.

Comments or proposals for revisions on any part of the Standard may be submitted to UL at any time. Proposals should be submitted via a Proposal Request in UL's On-Line Collaborative Standards Development System (CSDS) at <https://csds.ul.com>.

UL's Standards for Safety are copyrighted by UL. Neither a printed nor electronic copy of a Standard should be altered in any way. All of UL's Standards and all copyrights, ownerships, and rights regarding those Standards shall remain the sole and exclusive property of UL.
