

UL 810A

STANDARD FOR SAFETY

Electrochemical Capacitors

UL Standard for Safety for Electrochemical Capacitors, UL 810A

First Edition, Dated October 7, 2008

Summary of Topics

The revisions dated March 28, 2017 have been issued to update the title page to reflect the latest designation of ANSI/UL 810A as a Reaffirmed American National Standard (ANS).

The revisions are substantially in accordance with Proposal(s) on this subject dated February 3, 2017.

Text that has been changed in any manner or impacted by UL's electronic publishing system is marked with a vertical line in the margin.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of UL.

UL provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.

UL 810A

Standard for Electrochemical Capacitors

First Edition

October 7, 2008

This ANSI/UL Standard for Safety consists of the First Edition including revisions through March 28, 2017.

The most recent designation of ANSI/UL 810A as a Reaffirmed American National Standard (ANS) occurred on March 28, 2017. ANSI approval for a standard does not include the Cover Page, Transmittal Pages, and Title Page.

Comments or proposals for revisions on any part of the Standard may be submitted to UL at any time. Proposals should be submitted via a Proposal Request in UL's On-Line Collaborative Standards Development System (CSDS) at <https://csds.ul.com>.

UL's Standards for Safety are copyrighted by UL. Neither a printed nor electronic copy of a Standard should be altered in any way. All of UL's Standards and all copyrights, ownerships, and rights regarding those Standards shall remain the sole and exclusive property of UL.
