## STANDARD FOR SAFETY

Steel Tanks for Oil-Burner Fuels and  
Other Combustible Liquids

UL Standard for Safety for Steel Tanks for Oil-Burner Fuels and Other Combustible Liquids, UL 80

Twelfth Edition, Dated September 21, 2007

### **SUMMARY OF TOPICS**

***This revision of ANSI/UL 80 dated April 26, 2019 is being issued to reflect the reaffirmation of the ANSI approval of the Standard. No technical changes have been made to the document.***

Text that has been changed in any manner or impacted by UL's electronic publishing system is marked with a vertical line in the margin.

The requirements are substantially in accordance with Proposal(s) on this subject dated February 15, 2019.

The first and second editions were titled Design and Construction of Inside Tank Equipment for Oil Burners. The third edition was titled Inside Storage Tanks for Oil Burners. The fourth and fifth editions were titled Inside Tanks for Oil-Burner Fuel. The sixth through ninth editions were titled Steel Inside Tanks for Oil-Burner Fuel. The tenth and eleventh editions were titled Steel Tanks for Oil-Burner Fuel.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of UL.

UL provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.

### **Standard for Steel Tanks for Oil-Burner Fuels and Other Combustible**

#### **Liquids**

First Edition – November, 1927  
Second Edition November, 1934  
Third Edition – October, 1953  
Fourth Edition – February, 1958  
Fifth Edition – September, 1963  
Sixth Edition – November, 1968  
Seventh Edition – June, 1973  
Eighth Edition – September, 1974  
Ninth Edition – July, 1980  
Tenth Edition – November, 1996  
Eleventh Edition – August, 2004

#### **Twelfth Edition**

**September 21, 2007**

This ANSI/UL Standard for Safety consists of the Twelfth Edition including revisions through April 26, 2019. The most recent designation of ANSI/UL 80 as a Reaffirmed American National Standard (ANS) occurred on April 26, 2019. ANSI approval for a standard does not include the Cover Page, Transmittal Pages, and Title Page.

The Department of Defense (DoD) has adopted UL 80 on January 2, 1992. The publication of revised pages or a new edition of this Standard will not invalidate the DoD adoption.

Comments or proposals for revisions on any part of the Standard may be submitted to UL at any time. Proposals should be submitted via a Proposal Request in UL's On-Line Collaborative Standards Development System (CSDS) at <https://csds.ul.com>.

UL's Standards for Safety are copyrighted by UL. Neither a printed nor electronic copy of a Standard should be altered in any way. All of UL's Standards and all copyrights, ownerships, and rights regarding those Standards shall remain the sole and exclusive property of UL.
