

UL 401

STANDARD FOR SAFETY

Portable Spray Hose Nozzles for Fire-Protection Service

UL Standard for Safety for Portable Spray Hose Nozzles for Fire-Protection Service, UL 401

Fifth Edition, Dated October 16, 2014

Summary of Topics

This revision of ANSI/UL 401 dated January 6, 2022 includes the following changes in requirements:

- Clarification of Gasket Requirements; [6.3](#)***
- Clarification of Testing Operating Force for Nozzles with Multiple Flow Setting Adjustments; [14.8](#)***

Text that has been changed in any manner or impacted by UL's electronic publishing system is marked with a vertical line in the margin.

The revised requirements are substantially in accordance with Proposal(s) on this subject dated November 5, 2021 and December 14, 2021.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of UL.

UL provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.
