Explosive atmospheres – Part 15: Equipment protection by type of protection "n"

UL Standard for Safety for Explosive atmospheres – Part 15: Equipment protection by type of protection "n", UL 60079-15

Fifth Edition, Dated April 7, 2020

#### Summary of Topics

This new edition of ANSI/UL 60079-15, the Standard for Safety for Explosive Atmospheres – Part 15: Equipment Protection by Type of Protection "n", (Edition 5.0, Issued by the IEC December 2017) as a new IEC-based UL standard with US Differences.

The new requirements are substantially in accordance with Proposal(s) on this subject dated January 18, 2019 and November 29, 2019.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of UL.

UL provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.

# April 7, 2020

This ANSI/UL Standard for Safety consists of the Fifth Edition.

The most recent designation of ANSI/UL 60079-15 as an American National Standard (ANSI) occurred on April 7, 2020. ANSI approval for a standard does not include the Cover Page, Transmittal Pages, Title Page, or Preface. The National Difference Page and IEC Foreword are also excluded from the ANSI approval of IEC-based standards.

Comments or proposals for revisions on any part of the Standard may be submitted to UL at any time. Proposals should be submitted via a Proposal Request in UL's On-Line Collaborative Standards Development System (CSDS) at https://csds.ul.com.

UL's Standards for Safety are copyrighted by UL. Neither a printed nor electronic copy of a Standard should be altered in any way. All of UL's Standards and all copyrights, ownerships, and rights regarding those Standards shall remain the sole and exclusive property of UL.
