

UL 1479

STANDARD FOR SAFETY

Fire Tests of Penetration Firestops

UL Standard for Safety for Fire Tests of Penetration Firestops, UL 1479

Fourth Edition, Dated June 10, 2015

Summary of Topics

This revision of ANSI/UL 1479 dated May 18, 2021 was issued to include changes to the test sample regarding the Water Leakage Test; [5.1.1.2](#)

Text that has been changed in any manner or impacted by UL's electronic publishing system is marked with a vertical line in the margin.

The revised requirements are substantially in accordance with Proposal (s) on this subject dated November 13, 2020 and March 19, 2021.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of UL.

UL provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.

UL 1479

Standard for Fire Tests of Penetration Firestops

Prior to the first edition, the requirements for the products covered by this standard were included in the Standard for Fire Tests of Building Construction and Materials, UL 263, and in the Standard for Fire Tests of Door Assemblies, UL 10B.

Prior to the 4th edition, the title of the Standard was Standard for Fire Tests of Through-Penetration Firestops.

First Edition – January, 1983
Second Edition – June, 1994
Third Edition – May, 2003

Fourth Edition

June 10, 2015

This ANSI/UL Standard for Safety consists of the Fourth Edition including revisions through May 18, 2021.

The most recent designation of ANSI/UL 1479 as an American National Standard (ANSI) occurred on May 18, 2021. ANSI approval for a standard does not include the Cover Page, Transmittal Pages, and Title Page.

Comments or proposals for revisions on any part of the Standard may be submitted to UL at any time. Proposals should be submitted via a Proposal Request in UL's On-Line Collaborative Standards Development System (CSDS) at <https://csds.ul.com>.

UL's Standards for Safety are copyrighted by UL. Neither a printed nor electronic copy of a Standard should be altered in any way. All of UL's Standards and all copyrights, ownerships, and rights regarding those Standards shall remain the sole and exclusive property of UL.
